CHILDREN'S ACADEMY
AN IB WORLD SCHOOL

WELCOME

Early Childhood through Elementary

In the midst of the current global pandemic and local impact, it has been comforting to know that the International Children's Academy (ICA) reaffirms and delivers on its offer of an innovative robust curriculum, with a strong spiritual foundation. And that in doing so, we address the issues of the future by investing in each student's meaningful education today.

It is this mix of holistic approaches, rooted in deep wisdom, and inventive and highly responsive pedagogy that precisely speaks to the needs of our time. As we live with uncertainty, ICA continues to support our students with a certainty of purpose that is undeterred by outside forces.

Come discover the difference that an ICA education provides.

Whether online or on campus, we welcome you to ICA.

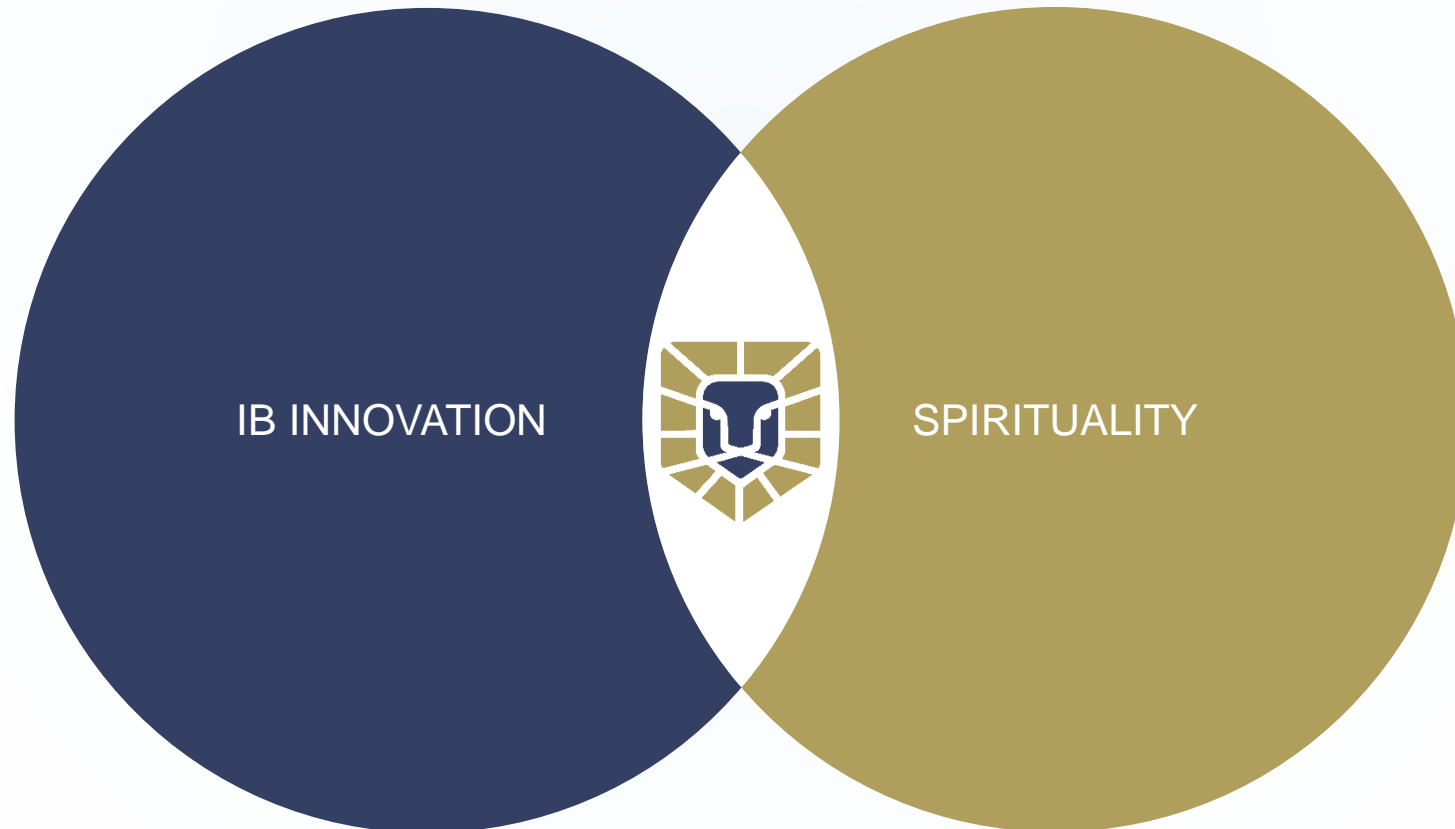

With hope, promise and light,

Ian Fraser McFeat
Head of School
